

From the Snow Flake for 1846.  
**THE GLEANER.**  
Lightly o'er the waving meadow  
Swells the reaper's shout;  
Like a burst of pleasant music,  
Ringing gladly out;  
And the sound came soft and clear—  
To the weary gleaner's ear;  
Noontide sunshine warm and golden,  
Quivered through the air,  
While in dreams of hours long parted,  
Still she lingered there.  
Leaning on the little gateway,  
With a thoughtful eye,  
Calling up unfaded memories,  
From the times gone by:  
Here her life had passed away,  
Like a varied summer's day;  
For if clouds had paled her sunshine  
With a colder gleam,  
Still the love that lingered through it,  
Was a summer beam.  
Here in childhood—happy-hearted,  
In her merry glee,  
She had found a mute companion,  
In each waving tree;  
For each leaflet's breezy stir,  
Brought a thought of home to her:  
Dearest than the fleeting fancies  
Of the proud and great,  
Were the gentle gleaner's musings,  
At the rustic gate.

**CONSUMPTION.**  
COUGHS, Colds, Asthma, Bronchitis, Liver Com-  
plaint, Spitting Blood, Difficulty of Breathing, Pain  
in the side and Breast, Palpitation of the Heart, Influenza,  
Croup, Broken Constitution, Sore Throat, Nervous  
Debility, and all Diseases of the Throat, Breast and  
Lungs, the most effectual and speedy cure ever known  
of any of the above diseases is  
DR. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY.  
ANOTHER WONDERFUL CURE OF CONSUMPTION.  
Providence, R. I., Sept. 20th, 1845.  
Dr. Swayne—Dear Sir:—I feel called by an sense of duty  
to give to suffering humanity to acknowledge my grate-  
ful thanks for the wonderful effects of your Compound  
Syrup of Wild Cherry on me, after having suffered  
months after months with the most afflicting of all dis-  
eases, Consumption, with scarcely a ray of hope, or a  
"beacon light" to guard me against my own horrible  
fate. The circumstances which first led to the  
awful state of debility, was from taking a heavy "cold,"  
which seemed to itself upon the lungs, which gradually  
grew worse, with profuse night sweats, a hacking  
cough, oppression in the breast, spitting blood, with  
great general debility. My constitution seemed broken  
down, and nervous system very much impaired, with  
all the symptoms of confirmed Consumption. I went to  
Philadelphia, and was treated there by physicians of the  
highest respectability, but still grew worse, until they  
gave me up as incurable, and advised me to go South,  
but being very poor after losing so much time and money,  
and having spent all my money on the various  
"Patent Medicines," which were recommended so high-  
ly through the medium of the press, I was unable to take  
their advice. Being a member of the Order of Odd Fel-  
lows, they supplied me with money gratuitously to send  
me to friends in Saco, Maine. I was treated by phy-  
sicians of the highest standing there, but received no  
benefit whatever from them, but gradually grew worse,  
until my physician and myself gave up all hopes of my  
ever recovering, and I felt like one who is about to pass  
through the valley of the shadow of death. At this "awful  
juncture," I heard of your "Compound Syrup of Wild  
Cherry," and knowing you to be a regular practicing  
physician in Philadelphia, gave me more confidence in  
the medicine, so I concluded, as a last resort, to make a  
trial of it. I sent to your agent in Boston, and purchased  
one bottle, which relieved me very much. I then pur-  
chased two bottles more, which I am happy to say en-  
tirely cured me, and I am now enjoying better health  
I ever before in my life. It seemed to have a ben-  
eficial effect at once. I gained strength rapidly, and I  
feel satisfied, from its salutary effects in my own case,  
that Dr. Swayne's Compound Syrup of Wild Cherry will  
cure any case of diseased Lungs, if taken according to  
the prescribed rules contained in the pamphlet accom-  
panying the medicine. Even the physicians who dis-  
missed my case are highly recommending it in similar  
cases—and I wish you to make this public, so that others  
who are suffering as I have been, may know where to  
procure a remedy at first, which will reach their disease,  
without tampering with and ruining their constitutions  
with the many "quack nostrums" with which the whole  
country is flooded; prepared by persons who have no  
knowledge of the science of medicine in theory or prac-  
tice, but are got up merely with a mercenary view.  
I am a Secret Member of the Hope Lodge of I. O. of  
O. F., in Providence, R. I., and will be happy to give  
any information in regard to the efficacy of your medi-  
cine, and can give ample proof that my case is not ex-  
aggerated in the least.

Philadelphia.

**Save your Corn Cobs and Shucks.**  
TO THE PLANTERS AND MILLERS OF NORTH  
CAROLINA.  
THE undersigned has obtained Letters Patent,  
to enable him to mill stones (or rocks) now  
in use, to grind CORN, COB and SHUCK, into  
meal, for Horses, Mules, Cattle, Hogs, &c., there-  
by saving more than one third of a crop, which is  
an important item with planters. The machinery  
used for the above purpose is simple and durable,  
and cannot, with fair means, get out of order. It  
will last as long as the Stones last, with an expense  
of 50 cents every five years. To enable the com-  
mon Mill Stone, to grind ear corn into meal, re-  
quires no new buildings or extra power. It can  
also be applied to Horse Mills, Threshing Ma-  
chines, Gins, or any given power known. The  
same Mill will grind one-third more of Corn Meal  
by the introduction of this Machinery, and can be  
changed from grinding Corn and Cob, to grinding  
Corn Meal in the space of thirty seconds. Corn  
alone, when fed to stock, is said to be by the most  
practical and scientific Planters, constituting in its  
effects, producing founders, cholics and various  
other maladies which are incident to stock. Grind-  
ing cobs with the Corn, makes a feed congenial  
with their nature, and cannot produce any of the  
serious results above mentioned. Stock, when fed  
on Corn exclusively, are deprived of the benefits of  
distension (so necessary to the proper health of an-  
imals), by their being unable to eat a sufficient  
bulk to produce distension before the animal be-  
comes gorged. Cobs ground with the corn, pro-  
duce the necessary distension, without any danger  
of diseases arising from overeating. Corn and cob  
meal is improved by scalding, and still more by  
boiling, and yet more by a partial fermentation.—  
All the preparations facilitate digestion for Hogs.  
But Horses and Mules will not eat fermented food,  
consequently they will require it dry or partially  
wet with cold water. Horses, Mules and Oxen,  
when fed with unground food, feed much in an  
undigested state, which is of course lost for all be-  
neficial purposes. Read the subjoined certificate.  
The undersigned can be addressed at Ral-  
eigh, and all calls will be attended to punctually  
and with despatch by himself or Agent.  
W. F. COLLINS.  
March 14, 1845. 26-1y.

**CERTIFICATE.**  
Having been solicited by Maj. Collins to have  
my Mill adjusted to grind Corn in the Ear and  
Shuck, I consented that he should do so as an ex-  
periment; and I am able to say that it grinds Corn  
in the Shuck at the rate of 30 bushels per hour;  
and the dressing of the stones is so improved, that  
it grinds shelled Corn more than twice as fast as  
before, and by my watch, at the rate of 15 bushels  
per hour, and the meal is of the usual quality. I deem  
it a valuable improvement, and shall purchase the  
right to use it, as it will afford me a speedy way of  
feeding my horses and cattle, and save much  
thereby. WM. BOYLAN.
